Find your way to and at the University

AA. The Humanities Pavilion
The Psychotherapy Training Clinic will be located in this building in August 2008.

A. The Humanities Building
Several large lecture theatres which are often also used for public events. Café on the entrance floor.

Aula Nordica
Conference and concert hall seating up to 1,000 people. The University service management is situated here.

B. The Social Sciences Building
The newly built Lindell Hall is located here, perhaps the university´s largest gathering place. The café situated above the lecture halls has capacity for 250 people. The Umeå School of Business (USBE)) and Umeå Union of Students are also located here.

Bildmuseet
Bildmuseet is Umeå University's museum of art and visual culture, located in the open-air recreation area of Gammlia, nearby campus. A wide-ranging programme of temporary exhibitions offers international contemporary art as well as themes from art history and other forms of visual expression. Free admission.

C. The University Library (UB)
The University Library with 1.2 million volumes (around 30,000 metres of shelving), a student textbook collection, quiet study rooms, research room, group study areas, computer labs, and a resource lab for students with e.g. reading and writing difficulties, is a centre for the university's various activities. The opening hours for the main library (during term time):
Mon–Thurs 8 a.m. – 10 p.m. **Fri** 8 a.m. – 6 p.m.
Sat 9 a.m. – 5 p.m. **Sun** 12 a.m. – 4 p.m.

D. The Administration Building
Here for instance, can be found Student services including Admissions and Student Records, the Faculty Offices, the university´s advertising agency and the university press. Staff café.

DB. University Liaison Building
In the University Liaison Building, the Office of External Relations and the Information Office is located. This is also where the governing body and the Vice-Chancellor work.

E. Universum
Universum is the campus hub: student study rooms, Aula Nordica, bookstore, restaurants, pubs, cafés, the University Club, hairsaloon, profile and copy shop.

G, H, J , K, L. The Natural Sciences Buildings
The natural scientists were the first to occupy the campus – as early as 1965. These buildings house the departments of Biology, Physics, Chemistry, Physiology and Botany, as the internationally successful Umeå Plant Science Centre (UPSC). The Teacher Education programmes are situated here, as is UCER, Umeå Centre for Evaluation Research.

KB. The Chemical-Biology Building
The Building has two lecture theatres, an inviting café and an in-glassed central courtyard. It houses the department of Archaeology and Sami Studies, as well as parts of various departments within chemistry and biology.

L. UPSC Plant Growth Facility

NT. NTK´s Student Union Building

O. Swedish University of Agricultural Sciences , SLU (or "Skogis")
The Department of Forestry at SLU is known as "Skogis". Café on 1st floor with a view of the campus and beautiful interior decorations by Anders Åberg.

R. SLU's Student Union Building

S. The University Sports Centre
The Umeå Student Sports Club (Iksu) runs one of Europe´s largest sports centres with an area of more than 21,000 square metres including a swimming pool. 25,000 people exercise here each week. Training in sports medicine, sports pedagogics etc. Cafeteria.

The Sports Field extension
A large grassed area, including a soccerfield, used among other things as a training facility for physical education teachers. It is also here in May every year that the exciting finals are played in the world's largest brännboll (a Swedish form of rounders) tournament – a national event with thousands of participants.

T. Akademiska Hus and the Unions

Uminova Science Park
A 30,000 m^2 science park with companies linked to the university.

V. The MIT Building
The MIT Building houses Umdac, the university's computer centre with a support centre and a shop for computer peripherals and the student union of science and technology. Cafeteria.

X. The Technology Building
Among others, Umeå Institute of Technoligy is situated here, a link between the University and industry. Fikum is the name of a café that the students themselves run.

Y. The Behavioural Sciences Building
A wonderful glass-roofed courtyard with study places and a café. Ceiling height is 10 metres.The departments of Sociology and Psychology are situated here.

YA. The Northern Behavioural Sciences Building
The Police Training is partly located to this building, as is the Centre for Sami Research (Cesam).

Z. The Teacher Education Building
The Teacher Education Building houses among other things studios, craft workshops, a school kitchen, a laboratory and a large indoor theatre. Café.

The University Hospital Area

6. The Biomedicine Building
Some of the research that has made Umeå University internationally renown is carried on in this building. The highly successful Umeå Centre for Molecular Pathogenesis (UCMP) occupies the top floor of the building, and the department of Molecular Biology is partly located to this building.

6M. Labbcentrum and the Medical Library
The departments of Medical Biosciences and Medical Biochemistry and Biophysics together with the Umeå Centre for Molecular Medicine have been located to this new building.

3. Central Hall
The centre point in NUS: cash dispenser, local store, cafeteria, cloakroom and information desk.

1D. Dental Sciences Programmes
Café on 9th floor with a view over the whole town. Lecture theatres which are often used for the public defence of doctoral theses. On the ground floor there is a chemist's shop. (The university´s dental technology programme is located in the County Council House.)

14E. The Union Building Villan
The beautiful, former doctor's residence has been renovated and now provides accommodation for the Medical Sciences Student Union at Umeå University.

20. The County Council House
The university's dental technology programme is located in this building.

VV. The Caring Sciences Building
In this building, just as the name suggests, nurses, physiotherapists and occupational therapists are educated. It also houses the department of Nursing. There is a large, modern lecture theatre.
