

Carlsson Svensson

gallery for contemporary art

Welcome to Gallery Carlsson Svensson Contemporary Grand Opening II

We open in a new fresh location, with entrance on the south side of Bildmuseet, presenting a group-show by 15 promising young artists.

Carlsson Svensson Contemporary was earlier based in Budapest as a commercial gallery, presenting young Scandinavian artists in the Hungarian metropole. After 15 innovative solo-shows, the gallery closed due to an art-historical misunderstanding. Now we return home to Sweden with a new profile, creating a scene for experimental and contemporary art in Umeå.

As a non-commercial and artist driven gallery we are based in the lower level of Bildmuseet. We use our experience of superimposed solo-exhibitions from the Hungarian gallery, to create unexpected and drastic meetings of artworks, as well as to explore the potentials of the space.

We are very happy with the result and are looking forward to meet our new audience!
