

Microbial pathogenesis, 3MB039 Schedule part II 2021-03-09- 21-03 -23

	Monday 8/3	Tuesday 9/3	Wednesday 10/3	Thursday 11/3	Friday 12/3
09:00	Viruspresentations Students	09:00 - 11:00 Introduction to bacterial pathogenesis and TBL + Lecture Research Ethics UvPR Zoom	TBL Normal flora Student work preparation	STD (SB) Recorded	09:00-10:00 Bacterial Zoonoses (AB) Zoom
10:00			Introduction to fungi (CU) recorded		10:30-11:30 G+ bacteria (UvPR) Zoom
11:00			LUNCH	LUNCH	LUNCH
12:00	Viruspresentations Students	13:00 - 15:00 Bacterial intestinal tract infections (SNW) Zoom	Pathogenic fungi (CU) recorded	12:30-14:30 Upper respiratory tract infections (SNW) Zoom	Bacterial diagnostics (ASj) recorded
13:00				12:30-14:30 Lower respiratory tract infections (SNW) Zoom	
14:00			TBL group work Normal flora Zoom		
15:00					
16:00					
17:00					

- Break
- Examination
- Lecture recorded
- Lecture Zoom
- TBL mandatory

	Monday 15/3	Tuesday 16/3	Wednesday 17/3	Thursday 18/3	Friday 19/3
09:00	TBL Normal Flora Group 1-3	TBL group work Host pathogen interaction Zoom	TBL Host-Pathogen interaction Group A-C	TBL group work Infection process Zoom	TBL Infection process Group I-III
10:00	TBL Normal Flora Group 4-6		TBL Host-Pathogen interaction Group D-F		TBL Infection process Group IV- VI
11:00	LUNCH		LUNCH		LUNCH
12:00	TBL Host Pathogen Interaction Student work preparation	Preparation time The perfect pathogen	Paper discussion: 13:00-14:00 Reading - 14:00-15:00 Discussion UvPR Zoom	Preparaton time The perfect pathogen	Preparation time The perfect pathogen
13:00			TBL Infection process Student work preparation		
14:00					
15:00					
16:00					
17:00					

	Monday 22/3	Tuesday 23/3
09:00	Final examination The perfect pathogen Supervirus Groups 1-3	Final examination The perfect pathogen Superbug Groups 1-3
10:00		
11:00		
12:00	LUNCH	LUNCH
13:00	Final examination The perfect pathogen Supervirus Groups 4-6	Final examination The perfect pathogen Superbug Groups 4-6
14:00		
15:00		
16:00		
17:00
