

Application for deferment

If you have been admitted to a course or programme, but due to valid reasons you are unable to take your place in the term when the course or programme starts, you have the possibility to defer the start of the studies.

Valid reasons include care of children under one year of age, military or civic service, student union assignments or that your employer has denied or postponed your application for leave for training. Deferment is normally granted for up to 18 months.

Submit the application for deferment before the education begins or as soon as possible.

Attach the following documents with the application:

- a cover letter specifying the reasons why you are applying for a deferment, and
- documents supporting the reasons you have given for applying for deferment, for example, a medical certificate.

Send the application to:

Student Services/Admissions Office
