Welcome to KBC DAYS 2026

with the theme

Dynamic Worlds:

Responses and Transformations from
Molecules to Landscapes

An interdisciplinary meeting place for researchers, students, research infrastructures, and partners to share discoveries, exchange ideas, and spark new collaborations.

Featuring three inspiring keynote lectures by

Prof. Claus Ropers

*Max Planck Institute for
Multidisciplinary Sciences, Germany*

Prof. Jordi Bascompte

*University of Zurich,
Switzerland*

Prof. Ville R. I. Kaila

*Stockholm University,
Sweden*
