

KBC Employee of the Year 2026 - Nominations now open!

Every day, people across KBC contribute in ways that make our community stronger, more collaborative, and more enjoyable to be part of. Now it is time to recognise those efforts!

We invite you to nominate a colleague for the **KBC Employee of the Year 2026** award. This is an opportunity to celebrate someone who makes a positive difference and helps strengthen the KBC “we” spirit through their engagement, support, collaboration, and dedication.

Who can be nominated?

Anyone affiliated with a KBC department can be nominated, including PhD students, postdoctoral researchers, staff scientists, PIs, and ATP personnel.

You can find the full list of KBC departments here: <https://www.umu.se/en/chemical-biological-centre/kbc-collaboration-partners/>

What are we looking for?

We welcome nominations of individuals who have made a meaningful contribution to the KBC work environment, particularly by fostering collaboration, inclusion, positivity, and a strong sense of community across KBC.

How to nominate

- Send your nomination to info.kbc@umu.se no later than **Monday, 2 November 2026**.
- Include a brief motivation explaining why your nominee deserves to be recognised.
- Please focus on the quality of the motivation. No signatures or endorsements are needed.

How is the winner selected?

The KBC group will review all nominations and select the recipient based on the strength of the motivation and the nominee's contribution to the KBC community.

When will the winner be announced?

The winner will be announced and celebrated at the **KBC DAYS dinner on 10 November 2026**.

Let's take this opportunity to highlight the people who help make KBC an inspiring, supportive, and vibrant place to work. Your nomination can shine a light on contributions that might otherwise go unnoticed.

Nominate someone who deserves recognition today!

Warm regards,

Anna

on behalf of the KBC group
